Public Comment on Agenda Item

Niagara River Greenway Executive Director Gregory Stevens inquired about a source of minimal funding to supplement municipality work along the lower Niagara trails in Spring 2022. Mark Mistretta and Western Capital District Manager John Honan will request Parks trail coordinator Melissa Melnik to help coordinate Greenway planning.

Funding Request

The following project was deemed consistent with the Niagara River Greenway Plan as determined by the Niagara River Greenway Commission:

Gorge Crew Payroll and Supplies Support for the 2022/2023 seasons combined:

FUNDING REQUEST.....\$370,000.00

Park Operations Manager Ron Peters reported this request is for ongoing trail improvements throughout the Gorge. Lou Paonessa noted the nature of the location of these projects is capital work and required to keep these trails in existence and usable. Ron Peters noted the project cost request represents an increase over the previous two-year \$350,000 funding due to rising payroll and material costs.

- Requesting NYS Parks Greenway funding be approved for the project.
- Lou Paonessa motioned to approve NYS Parks Greenway funding for the project.
Seconded by Mark Mistretta. The vote was unanimous.
